SMOKE-FREE POLICY

PURPOSE

This policy is designed to protect pupils, staff, governors, service users and visitors from the harmful effects of passive smoking.

This policy also ensures compliance with the Smoke-Free Premises (Wales) Regulations 2017.

Extract from Welsh Government Guidance:

Chapter 1 of Part 3 of the Public Health (Wales) Act 2017 (“the 2017 Act”) and the Smoke-free Premises and Vehicles (Wales) Regulations 2020 (“the 2020 Regulations”) will come into force on 1 March 2021. Many of the requirements established in 2007 will stay the same, but via the 2017 Act and the 2020 Regulations, we are making changes to extend the smoke-free requirements to more places and settings in Wales. The 2007 Regulations have had a big impact on the number of people smoking, but smoking is still the main cause of premature death in Wales. We therefore want to do more to protect people from harmful second-hand smoke and know that reducing the number of young people taking up smoking saves lives.

The new legislation will mean that hospital grounds, schools grounds and public playgrounds, as well as outdoor day care and child-minding settings will be required to be smoke-free.

Queen Elizabeth High school has adopted the principles of the Carmarthenshire County Council’s Smoke Free Policy.

POLICY

It is the policy of **our school** that smoking is prohibited throughout the school and grounds with no exceptions. This includes school buses, minibuses, staff private vehicles whilst being used in connection with school activities and leased cars etc. This prohibition includes the use of E-Cigarettes.

The school grounds include the Leisure Centre and immediately outside school premises.

The smoke-free policy extends to cars parked upon the school grounds, the Leisure Centre and school based activities taking place away from the school campus.

The smoke-free policy also extends to third parties who may hire out the school buildings outside of normal school hours.

NON-COMPLIANCE

It is the duty of all staff to implement this policy and should challenge any incidents of non-compliance.

Pupils

- Pupils smoking should receive the relevant disciplinary sanction.
 - Repeated offenders may result in the loss of lunchtime.
 - Continuous repeated offenders may result in lunchtime exclusion or a parenting supervision order during unstructured time.
 - Repeat offender should be referred to the School Nurse/Well-being officer for support in order to stop smoking.
 - Appropriate referrals to outside agencies may be made to advise individual pupils
-
- Where pupils are found in possession of smoking paraphernalia, this will be confiscated and returned only to parents.

Members of Staff

- All employees should not smoke during working time with the requirements of the smoking policy.
- Any member of staff infringing this policy may be subject to disciplinary action.
- Incidents of non-compliance by members of staff should be reported to a senior member of staff.

Visitors

- Any visitors smoking should be advised of the school policy and be asked to cease immediately.
- If the visitor refuses to cease smoking they should be asked to leave the premises.
- In the event of refusal to leave the site or a confrontational response the assistance from Police should be sought.

In the circumstances such as this it is recommended you request support from a second member of staff.

Signage

- As a school we will provide signage:
- at all entrances to our premises, including at entrances to grounds, which informs everyone that they are smoke free, and that smoking is prohibited. This signage shall comply with the requirements of the Smoke-free Premises and Vehicles (Wales) Regulations 2020, and the Smoke Free (Signs) Regulations 2012, and any associated guidance.
- in all of our vehicles, including those leased or hired to others, which informs everyone that they are smoke free, and smoking is prohibited. This signage shall comply with the requirements of the Smoke-free Premises and Vehicles (Wales) Regulations 2020, and any associated guidance.

Support

In line with the Carmarthenshire County Council Policy we will encourage employees, members and service users to stop smoking, and provide practical help and support via the Occupational Health Centre and the Help Me Quit Service.

They are responsible for ensuring that this Policy and accompanying guidance is effectively communicated. Senior managers will be responsible for commissioning additional support for managers as appropriate and practicable, and ensuring that managers have adequate training and supervision to carry out their duties.

Arrangements at Schools

Governing Bodies of all schools are encouraged to adopt this policy, with a recommendation that schools may wish to develop appropriate wording to include pupils or signpost to the appropriate policy or guidelines for pupils.
